PRINCIPAL PURPOSE(S): The primary collection of this information is from individuals seeking to join the Armed Forces. The information collected on this form is used to assist DoD physicians in making determinations as to acceptability of applicants for military service and verifies disqualifying medical condition(s) noted on the prescreening form (DD 2807-2). An additional collection of information using this form occurs when a Medical Evaluation Board is convened to determine the medical fitness of a current member and if separation is warranted. Completed forms are covered by recruiting, medical evaluation board, and official military personnel file SORNs maintained by each of the Services. ROUTINE USE(S): The Blanket Routine Uses found at http://dpcl.dod.mil/Privacy/SORNsIndex/BlanketRoutineUses.aspx apply to this collection. DISCLOSURE: Voluntary. However, failure by an applicant to provide the information may result in delay or possible rejection of the individual's application to enter the Armed Forces. An applicant's SSN is used during the recruitment process to keep all records together and when requesting civilian medical records. For an Armed Forces member, failure to provide the information may result in the individual being placed in a non-deployable status. The SSN of an Armed Forces member is to ensure the collected information is filed in the proper individual's record.					
WARNING: The information you have given constitutes an official statement. Federal law provides severe penalties (up to 5 years confinement or a \$10,000 fine or both), to anyone making a false statement. If you are selected for enlistment, commission, or entrance into a commissioning program based on a false statement, you can be tried by military courts-martial or meet an administrative board for discharge and could receive a less than honorable discharge that would affect your future.
